Full featured

RC-807F

FM/AM Digital Clock Radio

A handsome—and precise—accessory for office or home! Toshiba's great new digital clock radio has super-size numbers and a lighted clock dial for at-a-glance time telling. 24-hour alarm timer. Convenient centralized control panel. Big-sound FM/AM radio complete with earphone for personalized listening.

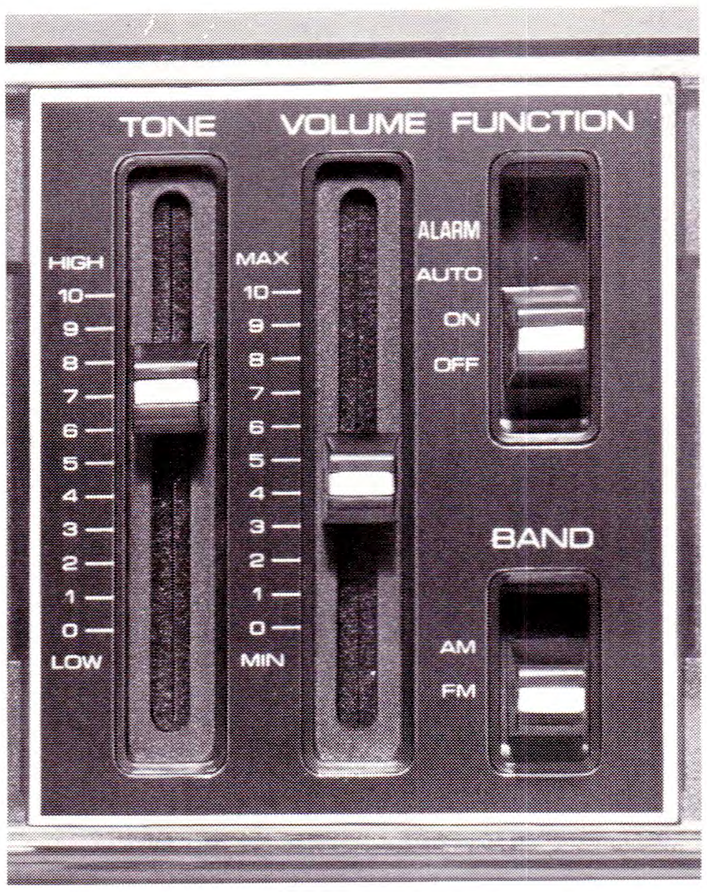

Furniture-Look Styling

Modern cabinet design, featuring warm roll-grain wood finish, encases a precise full-function clock/radio. Styled to fit-in anywhere.

- Big, easy-read numbers
- Illuminated clock panel
- 24-hour digital clock with AM/PM time period markings
- 24-hour alarm timer, 6 settings per hour
- Set alarm once and forget it. Turns on every day at the same time
- Up to 60 min. sleep timer, top mounted dial, easy to reach
- Concentric alarm/clock set controls on big, side mounted knob
- Power on indicator

Central Control Panel

Front panel groups vertical controls in one convenient unit for quick access. Professional-type slide controls for tone and volume.

- 4-position clock/radio control:
  "OFF"—clock only
  "ON"—clock and radio
  "AUTO"—radio on at preset time
  "ALARM"—buzzer on at preset time
  (Silence buzzer by moving control to "ON" or "OFF" position)
- FM/AM band selector
- Slide controls: volume, tone

Big-Sound Radio

Solid state circuitry gives years of big-sound performance. Accoustically matched and balanced speaker is top mounted for even sound distribution throughout the room.

- Easy tuning rotary dial
- Log scale for fast, pin-point dialing
- Big, slide mounted tuning knob for easy access
- FM: Automatic Frequency Control (AFC) locks in stations. Set it and forget it. Built-in line antenna. External antenna connection.
- AM: Automatic Gain Control (AGC) monitors incoming AM signals—stabilizes volume. Built-in ferrite core antenna.
